

Recommended Coach Companies

If you are considering organising a group to come to Skanda Vale by coach you may wish to use one of the coach companies on the list below. The list will be under constant review; if you have any complaints about a coach company, and these are substantiated, we reserve the right to remove that company from this list.

If you know of any coach company that you feel should be added to this list please let us know:

enquiries@skandavale.org

We believe that it is the group organiser and coach company's responsibility to ensure that pilgrims reach Skanda vale safely. Once permission is given to enter our coach park a map and directions for reaching this destination are sent out to the organiser and coach company; please note this is the **only** way that coaches can enter Skanda Vale.
